

YOUNG IS WINNER OVER SAMUELSON

Rock Island County Man Defeats Sherrard Resident by Margin of 127 in This District.

HANCOCK UPSETS FIRST DOPE

Unexpected Majority of 380 in That County Gives Supervisor G. O. P. Nomination for State Board.

Revised returns from Hancock county show that by the narrow margin of 127 votes Supervisor Fred W. Young of this city won the republican nomination for member of the state board of equalization from the Fourteenth congressional district, over C. S. Samuelson, Sherrard, Conn. Complete official figures for the six counties in the district are: Young, 7,651; Samuelson, 6,924.

Yesterday it looked as though Samuelson was a sure winner, but late in the afternoon, official figures from Hancock county gave Young an unexpected majority of 380, which was sufficient to offset the lead which the Mercer county man had in the district.

Mr. Young carried Rock Island county by 204, Henderson by 92 and Hancock by 380, while Samuelson carried Mercer by 438, Warren by 34 and McDonough by 14.

Official figures for the district are:

Counties	Young Samuelson
Rock Island	2,324 2,323
Mercer	781 1,232

Graham's total in the district was 5,386; Pinkerton, 4,824 and Cleveland, 4,486. This gives Graham a lead of 3,562 over Pinkerton and 6,900 over Cleveland, making his plurality over both candidates 2,078.

Returns as certified by the county clerks of the district follow:

Daily Doings in Mercer County's Busy Capital

Fair a Success.

Another of the country-wide famous Mercer county fairs came to a successful close last evening. Thursday's crowd was a record breaker, there being over 12,000 paid admissions. Yesterday, however, the attendance fell a little below the usual figure, because of the very chilly weather. The fact that an admission price of 40 cents instead of 35 was charged this year, the financial returns to the fair association were not lowered because of the disagreeably cold weather. Last evening the closing down process began at the grounds, the tearing away and hauling off of stands and exhibits beginning at a lively clip at that time. Today the grounds probably will be cleared of all concessions, as is the usual occurrence.

The races yesterday were fully as fascinating as they were on Thursday. Some excellent speed contests being witnessed by the thousands of people who braved the cold northwest wind. The first event of the racing card was the finishing heat of the gent's drive, held over from Thursday. Don Canmore, owned and driven by Dr. W. W. Varnum, won this race by the last wheel and race. Modesty II, owned by Frank Miller of Alexis, took second money, with Cheyenne, Milton Harris of Seaton, owner, finishing in third place. Of the races yesterday, the free-for-all race for a purse of \$350 was most interesting of the entire card. Don Densmore, the much talked of 2-year-old, owned by J. L. Buckley of Davenport, was here, true to reports, and won the race hands down. Don took three straight heats in easy fashion.

WHEAT SITUATION

Chicago, Sept. 16.—Highest prices on wheat this season have given place within the last week to quotations that in some cases were more than 11c a bushel lower. Top figures due to the government crop report confirming a sensational decrease of the 1916 yield in the spring crop states did not last in the face of suggestions that Greece and Sweden would enter the war and that the Argentine wheat surplus threatened to find an outlet in the United States.

An unexpected decrease of the United States visible supply late Monday stimulated exports and a temporary rally ensued. The attitude of Greece, indicating an improved prospect of the opening of the Dardanelles gave the bears a renewed advantage Tuesday, and so, too, did reports of Bulgarian defeats. Primary elections made Wednesday a blank in the wheat pit. Thursday a price smash of 7c a bushel was recorded. The wheat market on Friday failed to develop much strength.

The course of grain and provisions showed no great changes in price during the last seven days.

Judge House, in Ruling Made at Muscatine, Interprets Recent Enactment of Iowa Assembly.

LAWYERS DIVIDED OVER CASE

County Attorney Maintains That Expressmen May Continue Hauling Goods to Purchasers.

(Special to The Argus.) Muscatine, Iowa, Sept. 16.—That it is illegal for an agent of a brewing company to make delivery of goods ordered through him was the decision handed down by Judge House in the case of State of Iowa vs. August Koeping today in the district court. The act was held to be in violation of a new statute enacted by the last general assembly. The court ordered that an injunction issue against the defendant who as one of a number arrested in the recent cleanup, restraining him from soliciting orders as well as delivering the goods.

The ruling of the court was one which was widely debated in court circles today. Some were disposed to accept the ruling as a bar against delivery of beer by an expressman for hire. County Attorney Stafford stated this afternoon that he did not believe that the ruling of the court would have that effect. He does specifically prohibit the delivery of intoxicants by any one soliciting liquor orders, however.
